This unique classic, stand alone building is located in a prime retail location of West Sacramento. With added characters of a beautiful brick fire place and other brick details throughout the building. This building was once a restaurant with a full bar and still has some of those features in the building. This Retail building can also be split with separate entry access for an owner user business and income producing investment. Close to IKEA and retail shopping malls means easy access to surrounding freeways in the area. This building has ample parking surrounding the building and would be best suited for church, brewery, rental facility or most any types of retail business. It also has a unique drive through access surrounding the building. It's definitely a unique must see building! This type of building is located in the hot moving West Sacramento district.
